

Downloading *Camp Royal* videos from Vimeo.com

1) Navigate to the specific video's home page by clicking on the video's *title*. The page should look like the one pictured.

2) At the bottom of the page, and to the far right will be a link for downloading this video (see arrow in picture).

**If this link is not visible it is because you need to log in to vimeo. Signing up for vimeo is easy, free, and only takes a few seconds. This helps prevent just anyone from downloading the video.*

3) Once logged in, click on the Download Quicktime Version and the download should begin. A current version of Quicktime is required to view these videos. Quicktime is free and available from <http://www.apple.com/quicktime/download/> if you don't already have it.
